

Health & Safety Policy

Overleaf Publishers Ltd · Version 1.0 · July 2026 · chainsawcourses.com

1. STATEMENT OF INTENT

Overleaf Publishers Ltd is committed to ensuring the health, safety, and welfare of all learners, staff, contractors, and stakeholders associated with the Chainsaw Courses platform. We acknowledge our responsibilities under the Health and Safety at Work etc. Act 1974 and all relevant subordinate legislation, and we will take all reasonably practicable steps to fulfil those responsibilities.

2. SCOPE

This policy applies to all activities associated with the delivery of the Chainsaw Courses eLearning platform, including course development, content review, platform maintenance, and learner support. As an online eLearning provider, our primary health and safety considerations relate to:

- Digital wellbeing: screen time guidance and encouragement of regular breaks during prolonged study sessions.
- Content accuracy: ensuring all safety-critical information in the course is current, accurate, and aligned with HSE and FISA guidance.
- Learner welfare: signposting learners to appropriate support services if they encounter distressing content.
- Staff and contractor wellbeing: applying DSE (Display Screen Equipment) Regulations 1992 to all remote workers.

3. RESPONSIBILITIES

Director / Owner:

- Overall responsibility for health and safety policy, compliance, and review.
- Ensuring adequate resources are allocated to maintain a safe and healthy working and learning environment.
- Reviewing this policy annually or following any significant change.

Content Authors and Contributors:

- Ensuring all course content is factually accurate and reflects current HSE, FISA, and legislative guidance.
- Notifying the Director of any identified inaccuracies in safety-critical content without delay.

Learners:

- Completing the digital waiver before accessing course content.
- Seeking qualified practical training before undertaking any chainsaw operation.
- Adhering to all applicable health and safety legislation in their workplace.

4. RISK ASSESSMENT

A risk assessment covering the platform's activities and potential harm pathways has been completed and is reviewed annually. Key risks identified include: learners applying theoretical knowledge without appropriate practical training; content becoming outdated relative to legislative changes; and technical failures that disrupt access to safety-critical information. Control measures are in place for each identified risk.

5. MONITORING AND REVIEW

This policy will be reviewed annually or immediately following: any significant change in applicable legislation or HSE/FISA guidance; any accident, incident, or near-miss related to the platform's operations; or any feedback from learners or external auditors that identifies a health or safety concern. The review date and version number are updated at each review.

6. CONTACT

Any health and safety concerns relating to the Chainsaw Courses platform should be reported to info@chainsawcourses.com. Concerns about course content accuracy will be escalated to the content author immediately and addressed within 5 working days.
