Data Protection Policy

Overleaf Publishers Ltd · Co. No. 15735226 · VAT No. 479581629 · Version 1.0 · July 2026 · chainsawcourses.com

1. DATA CONTROLLER

The data controller for the Chainsaw Courses platform is Overleaf Publishers Ltd ("we", "us", "our"), the operator of the vocational chainsaw safety training service at chainsawcourses.com. Contact: info@chainsawcourses.com. This policy is prepared in accordance with UK GDPR (UK Data Protection Act 2018) and reflects IIRSM vocational training data standards.

2. DATA WE COLLECT AND WHY

DATA	PURPOSE AND LAWFUL BASIS
Full name & email	Identify the licensed learner; personalise training; embed dynamic watermark on videos. Lawful basis: Contract (Art. 6(1)(b)).
Activation Code	Verify a valid purchase; prevent unauthorised sharing. Lawful basis: Contract.
Device identifier	Bond access to a single device; prevent credential sharing. Lawful basis: Legitimate interests (Art. 6(1)(f)).
Video watch progress & timestamps	Enable resume-on-return; enforce sequential module unlocking; verify completion. Lawful basis: Contract.
Quiz & exam scores	Assess competency; require 100% for each module quiz and 80% for the final exam. Lawful basis: Contract.
Digital waiver signature	Record informed consent to safety terms. Lawful basis: Legal obligation / legitimate interests.
Inspection checklist records	Personal chainsaw pre-use safety log; duty-of-care records (PUWER/ LOLER). Lawful basis: Legitimate interests; legal obligation.
Risk assessment records	Dynamic risk assessment log; statutory compliance. Lawful basis: Legitimate interests; legal obligation (MHSWR 1999).
AI mock-test messages	AI-assisted exam preparation; improve AI response quality. Lawful basis: Contract / legitimate interests.
Module feedback ratings	Improve course content quality. Lawful basis: Legitimate interests.
Published app traffic and coarse operational events	Approximate traffic reporting and manual delivery reliability diagnostics. Lawful basis: Legitimate interests — operating and improving a reliable service.

3. DATA RETENTION

We retain your personal training record for 3 years from the date of your last platform activity, or such longer period as may be required by applicable health and safety legislation. This retention period reflects the vocational nature of the training and supports ongoing employer and regulatory audit requirements. After the retention period, all personal data is securely deleted or anonymised.

4. YOUR RIGHTS UNDER UK GDPR

- Right of access — request a copy of the personal data we hold about you.
- Right to rectification — ask us to correct inaccurate data.
- Right to erasure — ask us to delete your personal data (subject to statutory retention obligations).
- Right to restriction — ask us to restrict processing in certain circumstances.
- Right to data portability — receive your data in a structured, machine-readable format.
- Right to object — object to processing based on legitimate interests.

You may exercise the Right to Erasure directly within the Platform using the 'Delete Account' option. This permanently erases all personal data held about you. For all other rights requests, contact info@chainsawcourses.com. We will respond within 30 days.

5. THIRD-PARTY SERVICES

SERVICE	DATA SHARED AND PURPOSE
Vimeo	Video hosting & streaming. IP address only (standard CDN delivery); no personal data transmitted by us.
OpenAI (Replit AI proxy)	AI mock-test & tutor responses. Chat message content only; no name, email, or identifiers transmitted.
Replit	Platform hosting, infrastructure and optional published analytics. Network and browser data provides approximate traffic metrics; coarse manual delivery events contain status properties only.
OpenStreetMap Nominatim	GPS reverse geocoding for risk assessments. Coordinates only; no personal identifiers transmitted.

6. DATA SECURITY

All data is transmitted over HTTPS. Personal data is stored in a securely hosted PostgreSQL database with access restricted to authorised personnel only. Passwords and tokens are never stored in plain text. Video streams are delivered via Vimeo's secure CDN with domain-level access restrictions. The device-lock mechanism means your training account is bound to your device, reducing the risk of unauthorised third-party access to your personal training record.

7. COOKIES & LOCAL STORAGE

This application uses browser localStorage and essential cookies to persist session credentials (activation code, device identifier, user ID) between visits. We do not use advertising cookies. When analytics is enabled for the published app, Replit adds its hosted tracker and uses IP traffic, network and browser data for approximate visitor, page, country, browser and device metrics. The app sends coarse manual page load-failure and retry events with reader surface, layout, attempt and failure type only. Learner identity, manual page numbers, search text and manual content are not sent. Replit retains analytics with the published project's history; its dashboard currently provides reporting periods of up to 30 days.

8. COMPLAINTS

If you believe your data has been mishandled, you have the right to lodge a complaint with the Information

Commissioner's Office (ICO) at ico.org.uk or by calling 0303 123 1113. We would appreciate the opportunity to address your concern before you contact the ICO — please email info@chainsawcourses.com first.
