

Internal Verification Policy

Overleaf Publishers Ltd · Version 1.0 · July 2026 · chainsawcourses.com

1. PURPOSE

Internal Verification (IV) is the process by which Overleaf Publishers Ltd ensures that assessment decisions, marking criteria, and course content are applied consistently, accurately, and in accordance with the published Assessment Policy and IIRSM course approval requirements. This policy sets out the IV process, responsibilities, and frequency.

2. SCOPE

Internal verification covers the following areas:

- Review of module quiz question banks for accuracy, currency, and alignment with learning outcomes.
- Review of mock examination questions for validity, reliability, and fairness.
- Sampling of learner assessment records to confirm consistency of automated marking.
- Review of course content against current HSE/FISA guidance and applicable legislation.
- Review of learner feedback data for evidence of systematic issues with assessment items.

3. RESPONSIBILITIES

Internal Verifier (IV):

- Conducts scheduled and triggered verification activities.
- Documents all IV outcomes and corrective actions in the IV log.
- Reports significant findings to the Director without delay.
- Ensures corrective actions are implemented within the agreed timescale.

Director:

- Has overall responsibility for the IV process.
- Reviews IV outcomes as part of the quarterly quality review.
- Signs off all material changes to assessment content.

4. IV SCHEDULE

ACTIVITY	FREQUENCY
Full question bank review	Annually (or following legislative/guidance change)
Learner record sampling (10% minimum)	Quarterly
Course content alignment check	Annually (or triggered by new HSE/FISA publication)
Feedback data review	Monthly
Corrective action follow-up	Within 20 working days of IV finding

5. DOCUMENTATION

All IV activities are recorded in the Internal Verification Log, which includes: the date of the activity, the scope of the review, findings, corrective actions required, person responsible, and completion date. The IV log is retained

for 3 years and is available for inspection by IIRSM on request.

6. CORRECTIVE ACTION

Where IV identifies an error or inconsistency in assessment content, the following steps will be taken:

1. The affected content is immediately flagged for review and, where necessary, removed from active assessment.
2. A corrected version is prepared and reviewed by the IV before reinstatement.
3. Where the error may have materially affected learner outcomes, affected learners are notified and offered a re-assessment.
4. The corrective action is documented in the IV log.

7. POLICY REVIEW

This policy is reviewed annually as part of the Quality Management review cycle, or immediately following any change in IIRSM requirements or audit feedback.
