

Reasonable Adjustments Policy

Overleaf Publishers Ltd · Co. No. 15735226 · VAT No. 479581629 · Version 1.0 · July 2026 · chainsawcourses.com

1. PURPOSE

Overleaf Publishers Ltd is committed to providing equitable access to vocational training for all learners. This policy sets out our approach to making reasonable adjustments for students who may be disadvantaged by a disability, learning difficulty, long-term health condition, or other personal circumstance that affects their ability to access or engage with the Course.

2. LEGAL FRAMEWORK

This policy is informed by the Equality Act 2010, which places a duty on education and training providers to make reasonable adjustments to avoid placing disabled students at a substantial disadvantage compared to non-disabled students. Protected characteristics relevant to this policy include: disability, age, and any other characteristic that may affect a student's access to learning.

3. TYPES OF ADJUSTMENTS AVAILABLE

The following adjustments may be available to eligible students on request:

- Extended access period beyond the standard 12-month access window.
- Technical support for assistive technologies (screen readers, text-to-speech software).
- Alternative formats for course materials where technically feasible.
- Flexibility in assessment timing where a health condition affects concentration or endurance.

4. HOW TO APPLY

To request a reasonable adjustment, please contact us in advance of commencing the course by emailing info@chainsawcourses.com. Your request should include:

- A description of the adjustment you are requesting.
- A brief explanation of the need (medical evidence may be required for significant adjustments).
- Your contact details and order reference number.

We aim to respond to all requests within 5 working days. We will advise whether the requested adjustment can be made, and if not, what alternatives may be available.

5. CONFIDENTIALITY

All information disclosed in connection with a request for reasonable adjustments will be treated in strict confidence and handled in accordance with our Data Protection Policy. Information will not be shared with third parties without the student's consent, except where required by law.

6. ASSESSMENT ADJUSTMENTS

Where an adjustment affects the assessment process (module quizzes or final exam), we will ensure that any adjustment does not compromise the validity or integrity of the assessment, or unfairly advantage the student over other learners. The 100% module-quiz requirement and 80% final-exam pass threshold cannot be adjusted, as they are fixed standards set within the IIRSM course approval framework and reflect the safety-critical nature

of the subject matter.

7. REVIEW

This policy will be reviewed annually or following any relevant change in legislation or IIRSM guidance. Students who feel that their adjustment request has not been handled fairly may use our Complaints Procedure.
