

QMS-002 — Management Review Procedure

Overleaf Publishers Ltd · Co. No. 15735226 · VAT No. 479581629 · Version 1.0 · July 2026 · chainsawcourses.com

1. PURPOSE

This procedure ensures that Overleaf Publishers Ltd conducts regular, systematic reviews of the management system to confirm its continuing suitability, adequacy, and effectiveness. Management reviews provide the forum for top management to evaluate performance, make strategic decisions, and set direction for continual improvement across quality, health and safety, and information security. Document reference: QMS-002.

2. FREQUENCY

A formal management review is conducted at least annually by the Director. Additional ad hoc reviews are triggered by: a significant incident or near-miss; a major regulatory or legislative change; a significant nonconformance or pattern of nonconformances; external audit findings requiring strategic response; or a significant change in the organisation's activities, context, or objectives.

3. INPUTS TO MANAGEMENT REVIEW

The following inputs are collated and presented at each management review:

INPUT	SOURCE
Status of previous management review actions	Action log from previous review
Changes in external and internal context and interested parties	Director assessment; regulatory/guidance update log
Performance against quality, H&S, and information security objectives and KPIs	KPI dashboard; monitoring records
Learner feedback and satisfaction data	Feedback survey results; complaint and appeal log
Nonconformance and corrective action status	Nonconformance register
Internal and external audit results	Audit reports
Supplier and contractor performance	Supplier evaluation records
Incidents, near-misses, and RIDDOR reports	Incident register
Data breach and information security incident log	Security incident register
Regulatory and accreditation compliance status (IIRSM, RoSPA, ICO, HSE)	Compliance monitoring records
Opportunities for improvement and innovation	Improvement log; staff/contractor suggestions
Resources adequacy — financial, human, technological	Director assessment

4. MANAGEMENT REVIEW PROCESS

- Director collates all inputs in the week prior to the scheduled review meeting.
- Review meeting conducted (may be solo for sole-director organisations; external advisers or contractors

may be invited to contribute).

- Each input is reviewed and discussed; performance against objectives assessed.
- Decisions and actions recorded in the Management Review Minutes template.
- Actions assigned with named owner, target date, and success criterion.
- Minutes approved and filed in the Document Register within 5 working days of the review.
- Actions tracked to completion at subsequent reviews or earlier if urgency requires.

5. OUTPUTS FROM MANAGEMENT REVIEW

Outputs include formal decisions and actions on:

- Opportunities for improvement to the management system and its processes.
- Any need for changes to the management system policies, objectives, or procedures.
- Resource requirements — additional personnel, training, technology, or financial allocation.
- Updates to risk assessments, risk registers, or control measures.
- Any changes to interested party requirements needing a management system response.
- Opportunities for improvement to the Chainsaw Courses product, platform, or learner experience.

6. RECORDS

Management review minutes are a controlled record, retained for a minimum of 7 years in the Document Register. They are referenced at the subsequent management review to confirm action completion and continuity of review.

7. PROCEDURE REVIEW

This procedure is reviewed annually as part of the management review process. Controlled under reference QMS-002.
