3 | Stage 1 — Acknowledgement

We will acknowledge all formal written complaints within 3 working days of receipt.

Our acknowledgement will: confirm receipt and the date received; assign a unique complaint reference number; identify the staff member responsible for handling your complaint; and confirm the expected timeframe for our full response.

4 | Stage 2 — Investigation & Formal Response

We will issue our formal written response within 14 working days of acknowledging your complaint.

Following acknowledgement we will conduct a thorough and impartial investigation. The investigation may involve the following as appropriate to the nature of the complaint:

- **Content Review:** Where the complaint relates to course content accuracy, the relevant material will be reviewed by the course author, David J Daniel, against the authoritative source materials cited in the course (HSE guidance, PUWER 1998, COSHH 2002, and current manufacturer specifications).
- **Technical Investigation:** Where the complaint relates to a platform fault, our technical team will review server logs, error records, and platform behaviour to determine the cause of the reported issue.
- **Records Review:** We will review all relevant platform records — including progress logs, quiz attempt data, waiver signing records, and written correspondence — to establish an accurate picture of the events in question.
- **Data Protection Complaints:** Where the complaint relates to personal data handling or the exercise of UK GDPR rights, the investigation will be conducted in accordance with our Data Protection Policy, the UK GDPR, and the Data Protection Act 2018.

In complex cases requiring additional time, we will contact you within 14 working days to explain the reason for the delay and provide a revised response date.

Our formal response will: (i) summarise our understanding of your complaint; (ii) set out the findings of our investigation; (iii) explain the conclusion reached and the reasons for it; (iv) detail any remedial action we will take; and (v) advise you of your options if you remain dissatisfied.

5 | Stage 3 — Escalation & Final Review

If you are not satisfied with our Stage 2 response, you may request a formal escalation review within 14 calendar days of receiving our response. To escalate, reply to our Stage 2 response email or write to info@chainsawcourses.com with the subject line "Escalation Request — [your complaint reference number]", clearly explaining why you consider our response inadequate and what outcome you are seeking.

Escalated complaints will be reviewed by the Director of Overleaf Publishers Ltd and completed within 14 working days. The outcome of the escalation review represents the final internal decision of Overleaf Publishers Ltd.

Where a complaint relates to the quality of the IIRSM-approved course, IIRSM reserves the right to request details of complaints received as part of the course approval oversight process. Details will be shared with IIRSM only to the extent required by the approval agreement and consistent with our Data Protection Policy.

6 | External Escalation Options

- **Consumer Rights:** If you are not satisfied with the outcome of our internal complaints process and your complaint relates to a consumer contract, you may seek independent advice from Citizens Advice (citizensadvice.org.uk) or refer the matter to an Alternative Dispute Resolution (ADR) body. You also have the right to seek redress through the courts of England and Wales.
- **Data Protection — ICO:** If your complaint relates to the handling of your personal data and you are not satisfied with our response, you may lodge a complaint with the Information Commissioner's Office (ICO) at ico.org.uk or by calling 0303 123 1113. You may approach the ICO at any time — you are not required to exhaust our internal procedure first, though we encourage you to do so.
- **IIRSM:** If your complaint relates to the quality or delivery of the IIRSM-approved course and remains unresolved after our internal escalation, you may write to IIRSM directly. Contact details are available at iirsm.org.

7 | Anonymous Complaints, Vexatious Complaints & Record Keeping

- **Anonymous Complaints:** We accept anonymous complaints. However, they limit our ability to investigate fully and respond directly. We will investigate as far as reasonably practicable and take appropriate remedial action where an issue is identified. We are unable to provide feedback on the outcome of investigations into anonymous complaints.
- **Vexatious Complaints:** We are committed to investigating all complaints fairly. However, we reserve the right to decline or cease investigating a complaint we consider to be frivolous, vexatious, or made in bad faith. We reserve the right to protect our staff from abusive, threatening, or harassing communications. In such cases we will write to the complainant to explain our decision.
- **Record Keeping:** We maintain a written record of all formal complaints, including the date of receipt, subject matter, outcome, any remedial action taken, and the date of our final response. All complaint records are retained for a minimum of 3 years from the date of the final response, in line with IIRSM course approval requirements. Aggregate, anonymised complaint data may be shared with IIRSM as part of the course approval renewal process.
- **Continuous Improvement:** All complaints are reviewed by management as part of our ongoing quality assurance process. Where a complaint identifies a genuine error or deficiency, we will take prompt corrective action. Course content updates are version-controlled; where content is updated following a complaint, the version number will be incremented and the change noted in the version log.
