

Data Protection Policy

UK GDPR Compliant — Chainsaw Courses by Overleaf Publishers Ltd

Version 1.0 | July 2026 | Overleaf Publishers Ltd

This policy explains what personal data we collect, why we collect it, how we use it, and what rights you have over it. It is written in accordance with the UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018.

1 | Data Controller

- **Company:** Overleaf Publishers Ltd — operator of the Chainsaw Courses vocational safety training platform at chainsawcourses.com.
- **Address:** 69 Newstead Avenue, Orpington, BR6 9RW
- **Contact:** info@chainsawcourses.com — for all data protection queries, subject access requests, and rights exercises. We respond within 30 calendar days.
- **Supervisory Authority:** The Information Commissioner's Office (ICO). You may lodge a complaint with the ICO at ico.org.uk or by calling 0303 123 1113 at any time.

2 | What Data We Collect & Why

The following table sets out every category of personal data we collect, the specific purpose for which it is processed, and the lawful basis under UK GDPR that permits that processing:

Data Category	Purpose	Lawful Basis (UK GDPR)
Full name & email address	Identify the licensed learner; personalise training experience; embed dynamic watermark on course videos	Contract performance — Art. 6(1)(b) UK GDPR
Activation code	Verify a valid purchase; prevent unauthorised sharing of access credentials	Contract performance — Art. 6(1)(b)
Device identifier (UUID)	Bond access to a single device; prevent credential sharing; protect integrity of a paid qualification	Legitimate interests — Art. 6(1)(f)
Video watch progress & timestamps	Enable resume-on-return; enforce sequential module unlocking; verify GLH completion	Contract performance — Art. 6(1)(b)
Quiz & exam scores / attempt records	Assess competency; gate module progression at 80% pass threshold; provide student progress record	Contract performance — Art. 6(1)(b)
Digital waiver signature & timestamp	Record informed consent to safety terms before accessing chainsaw operating instruction	Legal obligation / legitimate interests
Inspection checklist records	Personal chainsaw pre-use safety log; employer duty-of-care records (PUWER 1998)	Legitimate interests; legal obligation
Risk assessment records	Personal dynamic risk assessment log; statutory compliance evidence (MHSWR 1999)	Legitimate interests; legal obligation
Module feedback ratings & comments	Monitor and improve course content quality; satisfy IIRSM course approval feedback retention requirements	Legitimate interests — Art. 6(1)(f)

**AI mock-test chat messages**

Facilitate AI-assisted exam preparation; improve AI response accuracy

Contract performance / legitimate interests

3 | Professional Standards Context

This platform delivers vocational chainsaw safety training aligned with the standards and assessment frameworks of the International Institute of Risk and Safety Management (IIRSM), the Forestry Commission, and the Arboricultural Association. Chainsaw operation is a notifiable hazardous activity under UK health and safety law; accurate training records are a statutory requirement for the individual operator and their employer.

Your training record — including module completion, quiz and examination results, and your signed waiver — may form part of your personal evidence of competence and/or your employer's duty-of-care records under: the Health and Safety at Work etc. Act 1974; Management of Health and Safety at Work Regulations 1999; Provision and Use of Work Equipment Regulations 1998 (PUWER); Lifting Operations and Lifting Equipment Regulations 1998 (LOLER); and Forestry Commission & HSE chainsaw competency guidance.

4 | Data Retention

We retain your personal training record for 3 years from the date of your last platform activity, or for such longer period as may be required by applicable health and safety legislation. This retention period reflects the vocational nature of the training and supports ongoing employer audit requirements.

Delegate feedback records (star ratings and written comments) are retained for a minimum of 12 months following each submission, in line with IIRSM course approval requirements, and may be retained longer in line with the general 3-year policy.

After the applicable retention period, all personal data is securely and permanently deleted or anonymised so that it can no longer be associated with an identifiable individual.

5 | Your Rights Under UK GDPR

To exercise any right, contact us at info@chainsawcourses.com. We will respond within 30 calendar days:

- **Right of Access (SAR):** Request a copy of all personal data we hold about you in a structured, commonly used format within 30 days.
- **Right to Rectification:** Ask us to correct any inaccurate or incomplete personal data we hold about you.
- **Right to Erasure:** Ask us to delete your personal data. This right can also be exercised directly within the Platform using the Delete Account option in the main menu — permanently erasing your name, email, device identifier, all progress records, quiz scores, waiver, inspection records, and risk assessments. Note: erasure may be declined where retention is required by law (e.g. health and safety legislation).
- **Right to Restrict Processing:** Ask us to suspend processing of your data — for example while a dispute about accuracy is resolved — without requiring deletion.
- **Right to Data Portability:** Request your personal data in a structured, machine-readable format (e.g. JSON or CSV) for transfer to another service.
- **Right to Object:** Where processing is based on legitimate interests, object to that processing. We will review and cease processing unless we have compelling legitimate grounds that override your interests.
- **Right to Withdraw Consent:** Where processing is based on consent, withdraw that consent at any time without affecting the lawfulness of prior processing.

6 | Data Security

- **Transmission:** All data is transmitted exclusively over HTTPS. Unencrypted HTTP connections are not permitted.
- **Storage:** Personal data is stored in a securely hosted PostgreSQL database with restricted access to authorised personnel only.
- **Authentication:** Passwords and session tokens are never stored in plain text. Access tokens are time-limited and stored securely.
- **Video Security:** Course videos are streamed via Vimeo's secure CDN with domain-level access restrictions. Video content is not stored on our servers.
- **Device Locking:** The device-bonding mechanism permanently associates your account with your registered device, significantly reducing the risk of unauthorised third-party access to your personal training record.

- **Breach Response:** In the event of a personal data breach likely to result in a risk to your rights and freedoms, we will notify the ICO within 72 hours and notify affected individuals without undue delay where required.

7 | Third-Party Services

We use a small number of third-party services to deliver the Platform:

Service	Purpose	Data Shared
Vimeo	Video hosting & secure CDN streaming of course module videos	IP address (standard CDN delivery only); no name, email, or personal identifiers sent by us
OpenStreetMap Nominatim	Reverse geocoding — converts GPS coordinates to a readable address for the risk assessment tool	GPS coordinates only; no name, email, or personal identifiers transmitted
OpenAI (via AI proxy)	AI mock-test and tutor response generation (when feature is enabled)	Chat message content only; no name, email, device ID, or other personal identifiers transmitted
Replit (platform host)	Cloud hosting, server infrastructure, and platform delivery	All traffic passes through Replit infrastructure, governed by Replit's Data Processing Agreement

We do not sell, rent, or share your personal data with any third parties for marketing, advertising, or commercial purposes. No personal data is shared with employers, awarding bodies, or government agencies except where required by law.

8 | Cookies, Local Storage & Children

- **Cookies & Local Storage:** This application uses browser localStorage and session cookies solely to persist your session credentials (activation code, device identifier, and user ID) between visits. No advertising, analytics, or behavioural tracking cookies are set. No third-party tracking scripts, pixels, or analytics libraries are loaded on this Platform.
- **Children:** This Platform is intended exclusively for adult professionals (18+) engaged in or training for chainsaw operation. We do not knowingly collect personal data from individuals under the age of 18. If you believe a minor has activated an account, contact us immediately at info@chainsawcourses.com.

9 | Changes to This Policy

We may update this Data Protection Policy to reflect changes in our data processing activities, legal obligations, or regulatory guidance. The version number and date shown on this document indicate when it was last revised. We will notify users of significant changes via a notice on the Platform. Continued use of the Platform after the effective date of any update constitutes acknowledgement of the revised policy.
