

Refund & Cancellation Policy

Chainsaw Courses — chainsawcourses.com

Version 1.0 | July 2026 | Overleaf Publishers Ltd

This policy applies to all purchases of course activation codes made through chainsawcourses.com. Please read it carefully before completing your purchase. Your statutory rights under UK consumer law are not affected by this policy.

1 | What We Sell

Chainsaw Courses sells single-use digital course activation codes that grant access to the Chainsaw Maintenance & Cross Cutting eLearning platform. Because our product is a digital access code that unlocks immediate access to digital content — and because of the individual device-bonding mechanism that activates on first use — the following policy applies to all purchases.

- **Product:** A unique, single-use activation code granting one individual personal access to the Chainsaw Maintenance & Cross Cutting eLearning platform for the purpose of completing the programme.
- **Price:** £198 (inclusive of VAT where applicable) per activation code, as displayed at the point of purchase on chainsawcourses.com.
- **Delivery:** Activation codes are delivered electronically by email immediately upon confirmed payment. No physical product is dispatched.
- **Consumer Rights:** You have the right to a 14-day cooling-off period under the Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013. However, by proceeding with activation of your code and accessing course content, you expressly consent to us beginning delivery of the digital content during the cooling-off period, and acknowledge that you lose your right to cancel once the content has been accessed.

2 | Cancellation Before Activation

You may cancel your purchase and receive a full refund if ALL of the following conditions are met:

1. **Cooling-Off Period:** Your cancellation request is received within 14 calendar days of the date of purchase.
2. **Code Not Activated:** Your activation code has NOT been used to access the Platform. Once a code is bonded to a device and course content is accessed, the right to cancel is forfeited (see Section 3 below).
3. **Written Request:** Your cancellation request is submitted in writing to info@chainsawcourses.com from the email address used at purchase, clearly stating your order reference number and reason for cancellation.

If all three conditions are met, we will process your full refund within 14 calendar days of receiving your request to the original payment method. We reserve the right to verify that the activation code has not been used before processing any refund.

3 | No Refund After Activation

Once your activation code has been entered, bonded to a device, and course content accessed, no refund is available. The digital content has been irrevocably delivered to you, consistent with your express consent given at the point of activation.

We consider the Course to have been delivered and access commenced once any of the following have occurred:

1. **Activation:** Your activation code has been entered into the Platform and bonded to your device.
2. **Waiver Signed:** You have completed and digitally signed the seven-clause liability waiver.
3. **Module Access:** You have opened or commenced viewing of any training module video.

4. **Quiz Attempted:** You have attempted any post-module knowledge quiz.
5. **Examination Attempted:** You have commenced the 45-question summative examination.

4 | Technical Issues & Platform Faults

If you experience a genuine technical fault preventing you from accessing content you are entitled to access, contact us immediately at info@chainsawcourses.com with the following information:

- **Your Details:** Your full name, registered email address, activation code, and the device type and browser you are using.
- **Description:** A clear description of the fault, including any error messages, the steps taken before the fault occurred, and the date and time it occurred.
- **Screenshots:** Where possible, attach screenshots of any error messages or unexpected platform behaviour.

We will investigate all technical fault reports within 3 working days. Where a platform error on our part is verified, we will either: (a) rectify the fault and restore access; or (b) in exceptional circumstances where the fault cannot be rectified, offer a partial or full refund at our discretion. User device incompatibility, inadequate internet connection, or user error do not constitute a platform fault.

5 | Exceptional Circumstances

We understand that exceptional personal circumstances can arise. Requests for refunds outside the standard policy — for example due to serious illness, bereavement, or significant hardship — will be considered on a case-by-case basis at the sole discretion of Overleaf Publishers Ltd. Contact us in writing at info@chainsawcourses.com with full details and any supporting documentation. We are under no obligation to grant refunds outside this policy but will always endeavour to respond with fairness and sensitivity.

6 | Non-Delivery & Invalid Codes

- **Non-Delivery:** If you do not receive your activation code by email within 1 hour of confirmed payment, check your spam folder first. If not found, contact info@chainsawcourses.com with your order reference. We will reissue the code within 1 working day.
- **Invalid Code:** If your activation code is rejected by the Platform as invalid, contact us at info@chainsawcourses.com. We will investigate and reissue a valid code within 1 working day at no charge, provided the original code has not been used.
- **Already-Used Code:** If you receive a code that appears to have already been activated by someone other than you, contact us immediately. We will investigate and, if the activation was fraudulent or a system error, issue a replacement code.

7 | How to Request a Refund

All refund requests must be submitted in writing to info@chainsawcourses.com. Please include the following:

Item	Detail
Full Name	As registered at the time of purchase
Email Address	The email address used to make the purchase
Order Reference	Your order or purchase confirmation number
Date of Purchase	The date on which you purchased the activation code
Reason for Request	A clear explanation of why you are requesting a refund
Activation Status	Confirm whether or not you have activated the code
Supporting Evidence	Any screenshots, error messages, or other documentation relevant to your request

We will acknowledge all refund requests within 3 working days. Where a refund is approved, funds will be returned to the original payment method within 14 calendar days of approval.

8 | Chargebacks & Statutory Rights

- **Chargebacks:** We strongly encourage you to contact us directly before initiating a chargeback or payment dispute with your bank or card provider. Initiating a chargeback without first contacting us may result in your platform access being suspended pending investigation.

- **Statutory Rights:** Nothing in this policy affects your statutory rights under UK consumer law, including the Consumer Rights Act 2015 and the Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013. If you believe your statutory rights have been infringed and are unable to resolve the matter directly with us, you may seek independent advice from Citizens Advice (citizensadvice.org.uk) or refer the matter to an Alternative Dispute Resolution (ADR) body.
