

DAVID J DANIEL

Forestry & Arboricultural Specialist

LANTRA Instructor & Assessor | City & Guilds NPTC Assessor | Author & Technical Consultant

Based in Orpington, United Kingdom • info@chainsawcourses.com • 07763 103 308 • www.chainsawmanual.com

CHAINSAW COURSES • chainsawcourses.com • Overleaf Publishers Ltd

PROFESSIONAL PROFILE

Forestry and Arboricultural specialist with over 27 years of practical, instructional, and assessment experience across high-risk land-based operations. Author and producer of The Chainsaw Manual — recognised and adopted by land-based colleges and training providers across the United Kingdom. The manual maps all operational guides directly to HSE research reports, manufacturer safety guidelines, PUWER requirements, and NPTC assessment standards, now extended with digital LMS modules, practical locator gateways, and interactive learning tools built upon the textbook's core architecture. Published by Overleaf Publishers Ltd.

Dual-accredited LANTRA Instructor/Assessor and City & Guilds NPTC Assessor holding an extensive portfolio of technical assessment units spanning ground operations, felling, aerial tree work, and machinery operation. Fully certified LOLER Examiner specialising in complex lifting equipment compliance and risk management. Involved with UK Power Networks (UKPN) providing specialist standard-setting days and demonstrations.

PROFESSIONAL EXPERIENCE

Independent Senior Consultant, Instructor & Assessor

Self-Employed | 1999 – Present (27 Years)

Client Base: Commercial Tree Surgery Enterprises, Land-Based Colleges, Regional Training Providers, City & Guilds NPTC Assessment Centres, and Public Utilities.

- **Technical Assessment & Moderation (8 years):** Registered City & Guilds NPTC and LANTRA Assessor, evaluating candidate competence across ground chainsaw operations, tree felling, aerial arboriculture, and specialised machinery.
- **High-Risk Operations & Subcontracting:** Specialist arboricultural services to UK tree care firms, managing complex removals, heavy rigging, and hazardous tree management.
- **LOLER Compliance Examination:** Certified competent person performing independent thorough examinations of climbing, rigging, and mechanical lifting apparatus to ensure statutory compliance and mitigate operational risk.
- **Industry Outreach & Advocacy:** Active in the digital space driving safety discussions, technique updates, and technical guidance across industry platforms.
- **Author & Publisher:** Authored The Chainsaw Manual — a comprehensive industry reference text sold to colleges and training providers across the UK, now underpinning a fully developed eLearning platform at chainsawcourses.com.
- **Platform Development:** Designed, built, and operate a full-stack Progressive Web Application (PWA) delivering accredited eLearning with device-locked access, video streaming, AI examination tools, and automated certificate issuance.
- **UK Power Networks (UKPN):** Provide specialist standard-setting days and demonstrations for the utility sector.

INSTRUCTIONAL & ASSESSMENT CREDENTIALS

- LANTRA Accredited Instructor & Assessor (Forestry & Arboriculture)
- City & Guilds NPTC Registered Assessor
- LOLER Examiner — certified competent person for thorough examination of lifting equipment
- Current First Aid at Work (+F) Certificate
